

# SnoozeDoge: The Sleeping Doge Ready to Moon on Avalanche!

## SnoozeDoge Litepaper

### Introduction

Greetings, Doge enthusiasts and moonwalkers! Buckle up, because SnoozeDoge is here to take the crypto world by storm, one nap at a time. Our story begins with a sleepy doge, dreaming of interstellar adventures and celestial feats. But unlike his restless brethren, SnoozeDoge is a master of patience, waiting for the perfect moment to unleash his full potential.

### Token Overview:

- **Token Name:** SnoozeDoge
- **Ticker Symbol:** SNOZ
- **Blockchain:** Avalanche

### Mission and Vision:

At SnoozeDoge, we believe in the power of **community, humor, and strategic slumber**. We aim to create a **joyful and engaging** coin experience while empowering users to explore the exciting world of cryptocurrency. We envision SnoozeDoge as the **undisputed leader** of Doge coins on the Avalanche network, spreading laughter and positivity on its journey to the moon.

### SnoozeDoge Ecosystem:

Welcome to the SnoozeDoge ecosystem, where utility meets innovation and creativity thrives. Our token utility extends far beyond mere transactions, offering a dynamic and immersive experience for our community. Introducing our captivating **NFT collection**, featuring a **range of rarities** that capture the essence of our beloved snoozing doge in all its charming glory. But these NFTs are more than just digital art – they're the key to unlocking exclusive staking features, enabling holders to earn rewards while actively participating in our ecosystem's growth and stability. What's truly exciting is the integration of these **NFTs with our upcoming AI agent**, a groundbreaking addition to our ecosystem. With our AI agent, holders can **harness the power** of their **NFTs for unique interactions and functionalities**, further enhancing the value and utility of SnoozeDoge. Join us on this journey where every snooze is a step closer to innovation and community empowerment.

### Tokenomics:

SnoozeDoge boasts a total supply of **1 Billion tokens**, strategically distributed to ensure long-term growth and community engagement. Our token is limited supply and non-mintable, no more will ever be created.

- **20%: Private Sale and Launchpads:** Securing initial funds to build our ecosystem from reputable funds and investors.
- **20%: Team allocation and development:** Building a strong team and expanding our ecosystem development.
- **40%: Dedicated to DEX & CEX:** Launching our liquidity pool on DEX (traderjoe) and securing listing on reputable CEX.
- **20%: Reserved for Marketing & Community Airdrops:** We plan to utilize these funds to spread the word about SnoozeDoge, attract new community members, and fuel our journey to the moon (and beyond!)

**Vesting Schedule:** Implementing vesting schedule to ensure stable price and avoid inflation.

### Why Avalanche?

SnoozeDoge isn't just any sleepy doge; it's a **strategic sleeper**. We've chosen the **Avalanche network** as our launchpad for its **blazing-fast transaction speeds** and **incredibly low fees**. This ensures a **seamless and cost-effective** experience for our users, allowing them to **trade, swap, and hodl SNOZ** with ease.

### Community-Driven Growth:

SnoozeDoge isn't just a token; it's a **movement**. We believe in the **power of community** and encourage **active participation** from our users. Whether it's engaging in **social media campaigns, participating in creative contests, or attending community events**, we value your involvement and contributions. Together, we'll **propel SnoozeDoge to new heights** and solidify its place in Doge coin history.

### Join the SnoozeDoge Pack!

Ready to join the **SnoozeDoge pack** and embark on a **moon-chasing adventure**? Follow us on social media, join our Telegram group, and stay tuned for exciting updates and announcements. Let's **make history together** as we watch SnoozeDoge **rise and shine**, proving that even the sleepest doge can achieve greatness!

### SnoozeDoge: Roadmap to Moon Naps and Beyond!

Here's a roadmap outlining our plan to transform SnoozeDoge into the ultimate napping dogecoin for the crypto realm. This roadmap represents just the beginning – we anticipate grand developments to unfold as our journey progresses, roadmap phases get unlocked when we achieve certain milestones of token holders!

#### Phase 1: Catching Those Zzz's (0-5,000 Token Holders)

- **Token Creation:** Minting the SNOZ supply to ensure sufficient availability for all.
- **Building Our Den:** Establishing a comprehensive website as the ultimate nap haven, brimming with SnoozeDoge info and resources.

- Social Media Stretch: Expanding our presence across major social platforms, cultivating a lively online community.
- Launchpad Siesta: Strategically launching SnoozeDoge on the launchpad for a secure debut.
- CoinGecko Listing: Securing listing on CoinGecko to enhance visibility and accessibility.
- Airdrop Fiesta: Initiating our first airdrop to reward early adopters and foster community engagement.

## **Phase 2: Power Nap Growth (10,000+ Token Holders)**

- Social Media Stretch: Amplifying our social media presence, engaging with the community, and attracting new members.
- 10,000+ Strong Pack: Celebrating the attainment of a critical mass of snoozy doges – a community milestone!
- Burning the Midnight Oil (Not Exactly): Applying burn mechanisms to maintain scarcity and bolster token value.
- Airdrop Fiesta – Round Two: Rolling out another airdrop to sustain excitement and reward our loyal pack.
- NFT Dreamscape: Introducing a limited-edition NFT collection featuring sleepy doges in all their glory!
- DEX Debut: Listing SNOZ on a decentralized exchange (DEX) to facilitate smooth and secure trading.

## **Phase 3: Moon Nap Time (200,000+ Token Holders)**

- Airdrop Extravaganza: Showering the community with love (and SNOZ) through a monumental airdrop.
- 200,000+ Sleepy Shiba Army: Celebrating the achievement of a colossal 200,000 token holders – the ultimate napping doge army!
- Staking feature: Enabling our community to stake their tokens for generous APY.
- Snooze AI: Unleashing the power of the SNOZ AI agent.
- Centralized Exchange Conquest: Setting our sights on major centralized exchanges (CEXs) to bring SnoozeDoge to the forefront of the mainstream crypto arena.

This roadmap is merely a glimpse into our nap-filled dreams. As our community expands, we'll continue to innovate and introduce new features to elevate SnoozeDoge into the quintessential dogecoin experience! Join us on this exciting journey, and together, let's make SnoozeDoge the ultimate napping companion for the crypto universe!

**Disclaimer:**

Investing in cryptocurrency involves inherent risks, and the value of SNOZ may fluctuate unpredictably. Please conduct thorough research and consider your risk tolerance before purchasing SNOZ tokens. SnoozeDoge is intended for entertainment purposes only and should not be considered financial advice.

**Conclusion:**

Thank you for joining us on this **SnoozeDoge journey**. We're thrilled to have you on board as we chase our dreams, embrace strategic naps, and ultimately, conquer the moon (and maybe even beyond!). Remember, even the sleepest doge can achieve greatness with the right community and a **strategic slumber**. Now, go forth and spread the word about SnoozeDoge – the Doge coin that naps its way to the top!
